4 GCE and GCE in Applied Subjects (Legacy)

1 Key dates

Centres should check the dates for oral and practical tests, which will fall outside the main written examination paper series, well in advance. These dates can be found on the relevant timetable.

Candidates starting a GCE in an Applied Subject course must be registered so that unit entries can be made for them. Registering candidates does not automatically enter a candidate for entries in the June examination series. Unit entries and cash-ins must still be submitted.

Please note that a candidate can only be registered on one package per subject and that multiple registration packages per candidate for the same subject are not allowed.

1.1 Entry deadlines and results

Please see the Key Dates section of this manual for the entry and coursework mark submission deadlines, and results and certificate dates. The Key Dates section also includes details of when EDI basedata and Edexcel Online are available.

2 Entry procedures

Please see our website qualifications.pearson.com/exam-support for details on how to make registrations and entries on Edexcel Online. It also contains information on fees, results and certification.

3 Withdrawal of GCE in Applied Subjects

GCEs in Applied Subjects are being withdrawn. The final assessment opportunity for Applied Art & Design and Business is June 2017. The final assessment opportunity for all other Applied GCEs will be June 2018.

4 Resit opportunities for legacy specifications

Candidates taking legacy AS/A levels in any subject will have the opportunity to re-sit these qualifications in the summer following the final scheduled award. For example, for 2015 reformed subjects, the final AS/A level legacy resit entries will be in summer 2017

Only candidates who have previously entered for the AS/A level may enter for the legacy resit. Otherwise, only candidates who have good reason not to have taken it when planned (such as illness) may enter.

All units will be available, as in any normal summer series.

Candidates may carry forward their previously banked unit marks for coursework, or may submit new coursework entries.

5 GCE and GCE in Applied Subjects (Legacy): June series: unit, option, cash-in codes and availability

5.1 Alphabetical list of subjects and availability with unit, option and cash-in codes for GCE and GCE in Applied Subjects (Legacy)

Notes

- Candidates intending to cash-in their unit scores for a subject grade must enter the appropriate cash-in codes. Units taken on previous occasions should not be entered unless the candidate wishes to enter for the unit again to improve their results.
- Candidates must be registered in order for them to be entered for units in Applied GCE specifications.

APPLIED ICT (GCE IN APPLIED SUBJECT)

Technical requirements for GCE Applied ICT

Workstation specifications

It is the responsibility of centres to ensure that their IT systems meet the technical requirements of the qualification.

Software

Candidate eportfolios must be viewable by software documented in the Moderator's Toolkit available at qualifications.pearson.com/applied-ict-toolkit

Security and backups

It is the responsibility of the centre to keep candidates' work secure. Centres are strongly advised to utilise virus-checking software and to employ an effective backup strategy, so that an up-to-date archive of candidates' data is maintained. No special consideration will be given to any candidate whose work is lost or destroyed as a consequence of inadequate centre security/backup procedures.

Submitting marks and eportfolios (internally assessed units)

Mark submission

Centres must submit candidates' unit marks electronically using Edexcel Online or EDI. If marks are submitted via EDI, centres must use Edexcel Online to check their moderator and sample details.

Identification of the sample

The sample of work required for moderation is notified via Edexcel Online. It is available several weeks prior to the submission of marks. For further information please refer to the document 'Moderation of ePortfolios – Guidance for Centres'. This is available on the GCE Applied ICT subject page, under 'Forms and administration'.

eportfolio submission

Candidates must present their project work in an eportfolio that conforms to the technical specification given in the specification. The eportfolio must be self-contained and constructed so that its contents can be accessed via the Moderator's Toolkit.

Any eportfolios that do not adhere to the technical specification will not be moderated.

Those candidates' eportfolios that are selected for sampling must be sent to reach the moderator by the submission deadline of 15 May.

Administration of written paper units (6953, 6957, 6959)

Instructions for Conduct of Examination

Centres must refer to the 'Instructions for the Conduct of Examination' document produced for each examination series. This is available on the GCE Applied ICT subject page, under 'Forms and administration'.

FRENCH

Notes: Centres that require a visiting examiner for French oral units 6FR01 and 6FR03 should enter candidates using option B. A visiting examiner is only available to centres with enough candidates for the equivalent of at least 10 tests (morning or afternoon of examining). No exceptions can be made to this rule.

An entry for unit 6FR01 option B and unit 6FR03 option B does not automatically entitle the centre to a visiting examiner.

In accordance with Pearson's Safeguarding Children and Vulnerable Adults Policy, it is the centre's duty to provide a responsible adult to chaperone the visiting examiner for the duration of the oral examination. If a responsible adult is not available, the oral examination cannot take place. Please refer to qualifications.pearson.com for access to the full Safeguarding Children and Vulnerable Adults Policy.

Centres entering candidates who are not taught in the centre must ensure that all candidates are fully informed of the requirements of the specification. Centres conducting the oral assessment (6FR01 and/or 6FR03) must be fully conversant with the GCE MFL Administrative Support Guide for Conducting Oral Examinations and the Oral Training guide. These are available to download from the GCE French subject page, under 'Forms and administration'.

The window in which to conduct the June Unit 1 and Unit 3 speaking tests is 4 April – 15 May.

GERMAN

Notes: Centres that require a visiting examiner for German oral units 6GN01 and 6GN03 should enter candidates using option B. A visiting examiner is only available to centres with enough candidates for the equivalent of at least 10 tests (morning or afternoon of examining). No exceptions can be made to this rule.

An entry for unit 6GN01 option B and unit 6GN03 option B does not automatically entitle the centre to a visiting examiner.

In accordance with Pearson's Safeguarding Children and Vulnerable Adults Policy, it is the centre's duty to provide a responsible adult to chaperone the visiting examiner for the duration of the oral examination. If a responsible adult is not available, the oral examination cannot take place. Please refer to qualifications.pearson.com for access to the full Safeguarding Children and Vulnerable Adults Policy.

Candidates at centres where a language specialist is not available to conduct the oral assessment for 6GN01 option A and 6GN03 option A, or who do not meet the requirements to enter for 6GN01 option B and 6GN03 option B may be required to travel to London for assessment via London Centre Orals. Instructions on how to apply for London Centre Orals are available on the German subject page of qualifications.pearson.com Alternatively, candidates can be assessed at another centre.

Centres entering candidates who are not taught in the centre must ensure that all candidates are fully informed of the requirements of the specification. Centres conducting the oral assessment (6GN01 and/or 6GN03) must be fully conversant with the GCE MFL Administrative Support Guide for Conducting Oral Examinations and the Oral Training guide. These are available to download from the GCE German subject page, under 'Forms and administration'.

Certification rules

AS Further Mathematics cannot be certificated unless AS Mathematics (or AS Pure Mathematics) or A Level Mathematics has been certificated, or is being concurrently certificated.

A Level Further Mathematics cannot be certificated unless A Level Mathematics has been certificated, or is being concurrently certificated.

AS Further Mathematics (Additional) cannot be certificated unless A Level Mathematics and A Level Further Mathematics have been certificated, or are being concurrently certificated.

A Level Further Mathematics (Additional) cannot be certificated unless A Level Mathematics and A Level Further Mathematics have been certificated, or are being concurrently certificated.

Notice

Once a candidate certifies a Mathematics subject, the units which have been used to generate the award are 'locked' to that title (even if the candidate re-takes them). Units locked to a subject title through a previous certification may be 'unlocked' by re-entering for that same title. For example, if a candidate who has already certificated AS Mathematics wishes to resit one of these units they should be entered for that unit and AS Mathematics to ensure the other units that contribute to AS Mathematics are available for certification.

Mathematics subjects certificated before the end of a course should be re-certificated at the end of the course. For example, if a candidate who has already certificated A Level Mathematics takes three more units and certifies AS Further Mathematics without re-entering A Level Mathematics, the grade for AS Further Mathematics will be generated from those three units. Re-entering A Level Mathematics ensures that all units are available for re-use and that the grades for both titles are based on the optimum combination of units.

PHYSICAL EDUCATION

Notes: Each coursework unit is made up of two components 1B and 1E or 1V. If candidates want to resit a component, for example 1B, centres will need to make an entry against the unit. They cannot make entries at component level.

Centres must choose one of the two options – V or E to make entries, and are not permitted to enter option V for one unit, and option E for the other.

Option E is assessed via postal moderation and covers 6PE02 1B and 1E, and 6PE04 1B and 1E.

Option V is assessed via a centre visit for 6PE02 1V and 6PE04 1V, and postal moderation for 6PE02 1B and 6PE04 1B.

For option E, the deadline to submit the required paperwork and samples to the moderator is 15 May.

For option V, the visiting moderation window is between 1 March and 5 May. The paperwork required by the moderator should be received at least 10 days prior to the scheduled visit. Samples of coursework should be brought to the visit.

For additional information please refer to the GCE Physical Education 'Instructions and administrative guidance for the assessment of internally assessed units'. This is available to download from the GCE Physical Education subject page, under 'Forms and administration'.

RUSSIAN

Notes: Pearson does not provide visiting examiners for unit 6RU01 and/or 6RU03. Candidates at centres where a language specialist is not available to conduct the oral assessment for 6RU01 and/or 6RU03 may be required to travel to London for assessment via London Centre Orals. Instructions on how to apply for London Centre Orals are available on the Russian subject page of qualifications.pearson.com. Alternatively, candidates can be assessed at another centre.

Centres entering candidates who are not taught in the centre must ensure that all candidates are fully informed of the requirements of the specification. Centres conducting the oral assessment (6RU01 and/or 6RU03) must be fully conversant with the GCE MFL Administrative Support Guide for Conducting Oral Examinations and the Oral Training guide. These are available to download from the GCE Russian subject page, under 'Forms and administration'.

Notes: Centres that require a visiting examiner for Spanish oral units 6SP01 and 6SP03 should enter candidates using option B. A visiting examiner is only available to centres with enough candidates for the equivalent of at least 10 tests (morning or afternoon of examining). No exceptions can be made to this rule. An entry for unit 6SP01 option B and unit 6SP03 option B does not automatically entitle the centre to a visiting examiner.

In accordance with Pearson's Safeguarding Children and Vulnerable Adults Policy, it is the centre's duty to provide a responsible adult to chaperone the visiting examiner for the duration of the oral examination. If a responsible adult is not available, the oral examination cannot take place. Please refer to qualifications.pearson.com for access to the full Safeguarding Children and Vulnerable Adults Policy.

Candidates at centres where a language specialist is not available to conduct the oral assessment for 6SP01 option A and 6SP03 option A, or who do not meet the requirements to enter for 6SP01 option B and 6SP03 option B may be required to travel to London for assessment via London Centre Orals. Instructions on how to apply for London Centre Orals are available on the Spanish subject page of qualifications.pearson.com. Alternatively, candidates can be assessed at another centre.

Centres entering candidates who are not taught in the centre must ensure that all candidates are fully informed of the requirements of the specification. Centres conducting the oral assessment (6SP01 and/or 6SP03) must be fully conversant with the GCE MFL Administrative Support Guide for Conducting Oral Examinations and the Oral Training guide. These are available to download from the GCE Spanish subject page, under 'Forms and administration'.

The window in which to conduct the June Unit 1 and Unit 3 speaking tests is 4 April – 15 May.
